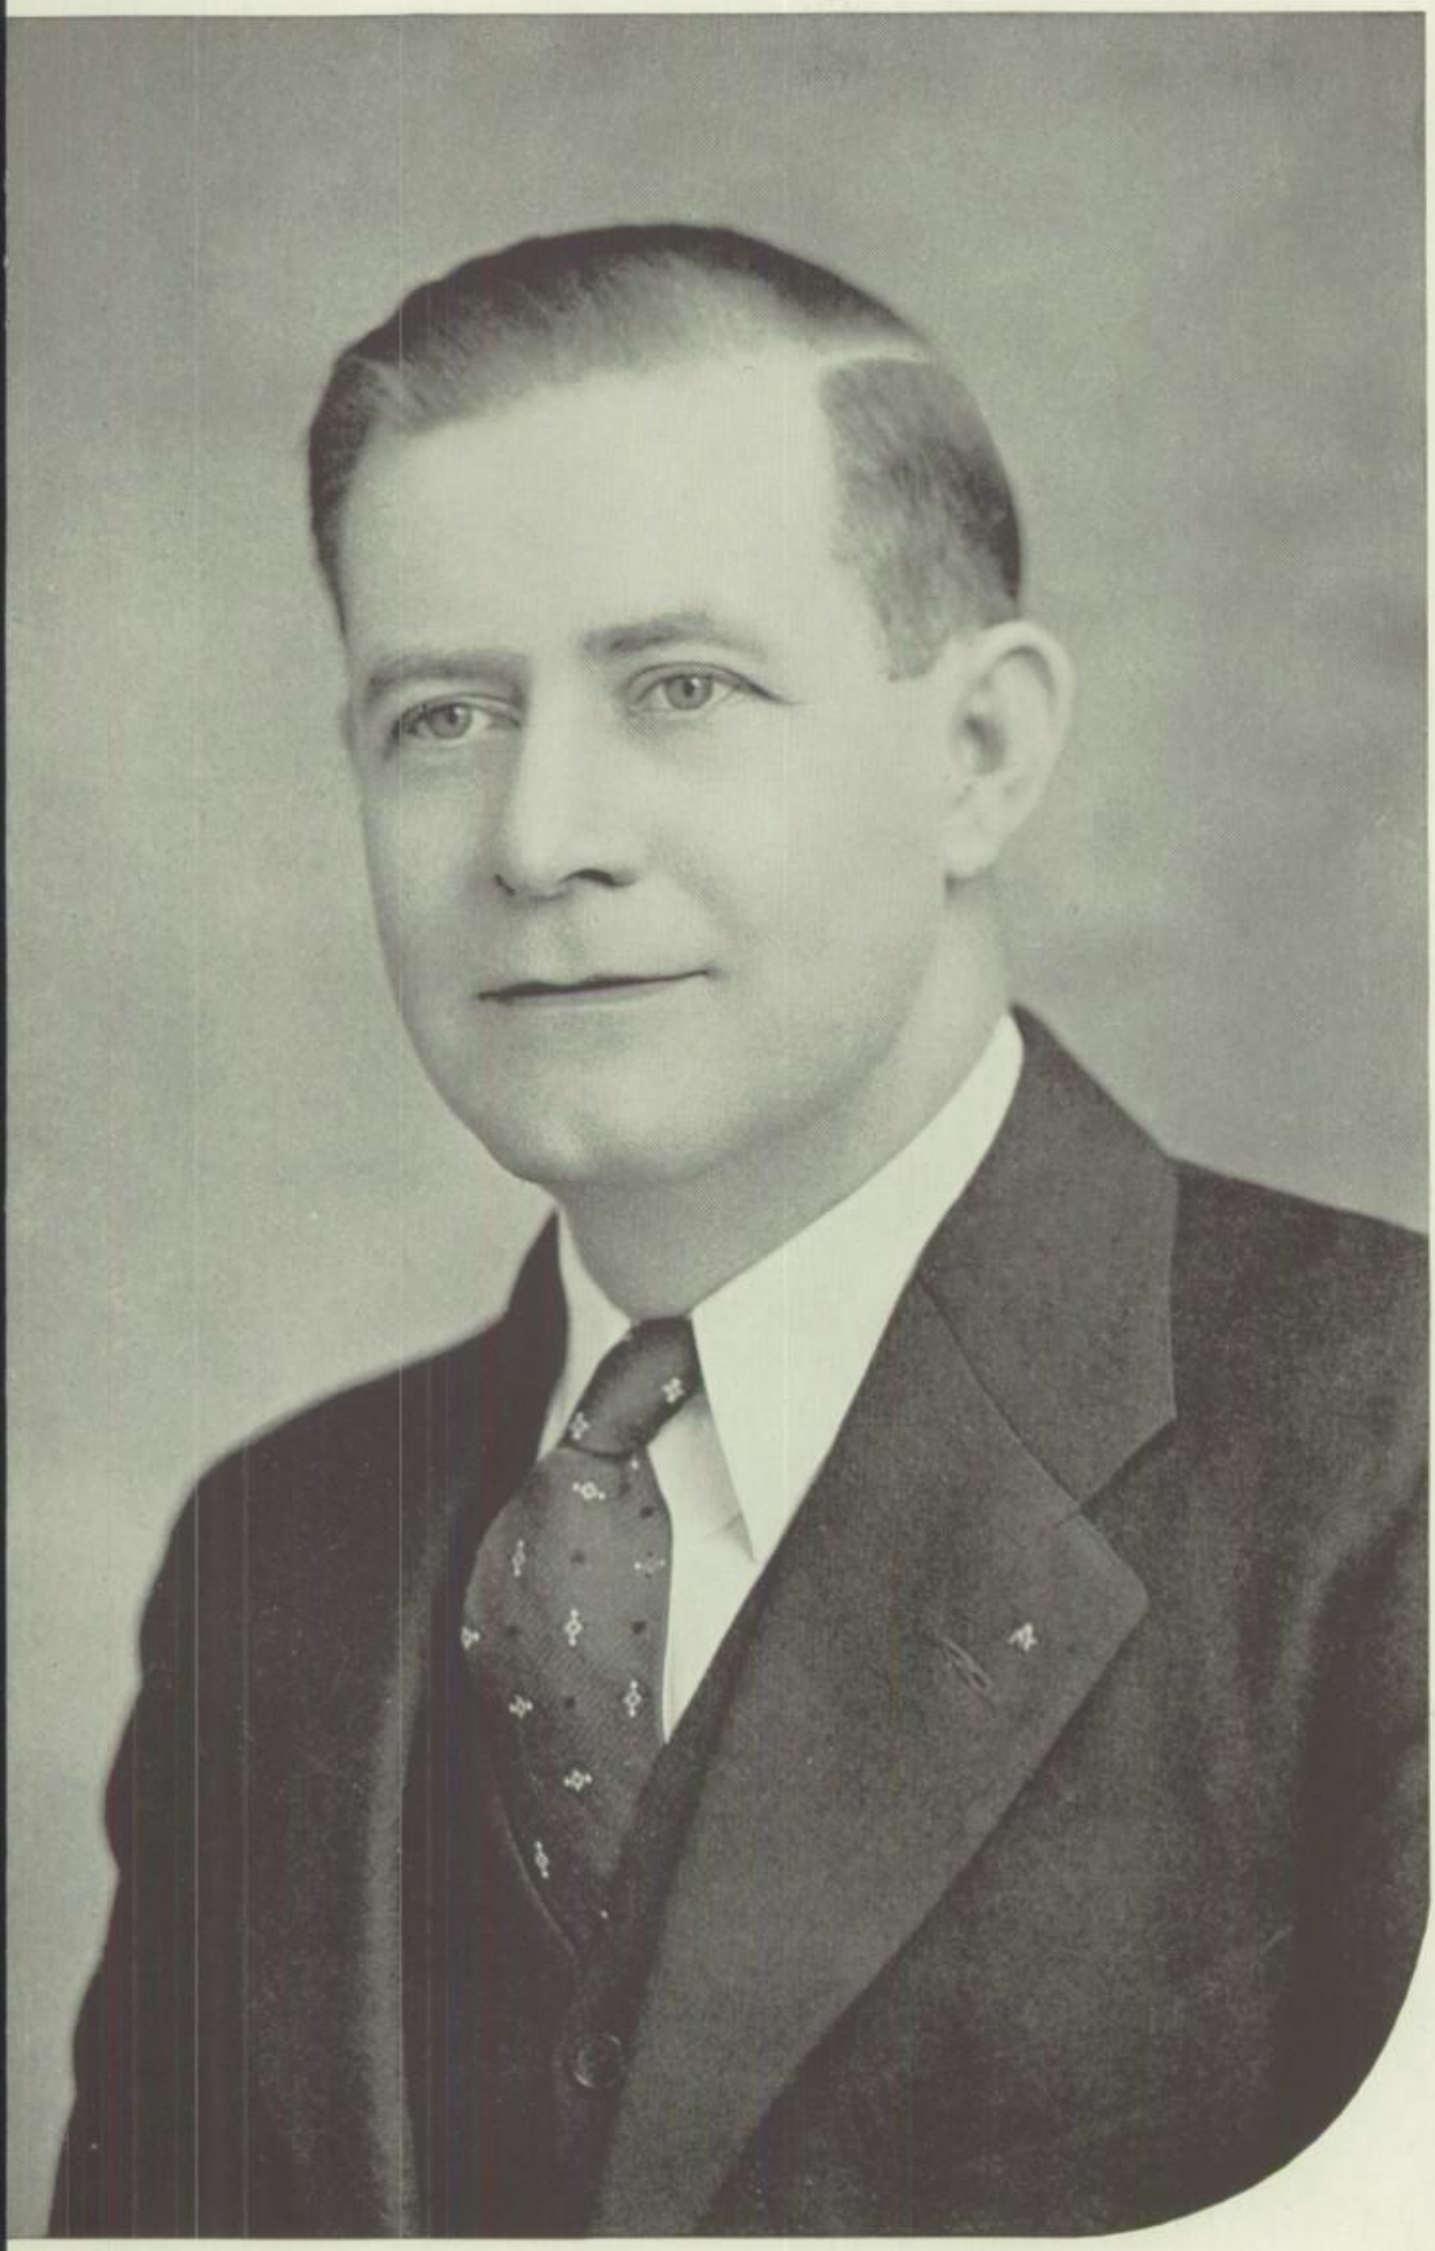
JUNE

1940

FOREST PARK HIGH SCHOOL, BALTIMORE, MARYLAND

AT the moment of completing our successful careers at Forest Park, we cannot find adequate words to express our love and gratitude to our advisor. His outstanding leadership and sympathetic patience have guided us to goals of which we are justly proud. In sincere and humble appreciation, we, the June Class of 1940, dedicate this, our "Forester," to our life-long friend, Mr. Stanley L. Heylmun.

Dedication



Foreword

MAY this book serve to perpetuate the memory of the fun, work, and friendships which we have enjoyed at Forest Park. The staff has tried to pack into this treasure chest all the precious reminders which in years to come will carry each and every one of us back to our high school days. The chest is now full. It is our hope that each time we run over its pages in the future, its jewels will gleam more brightly and the memories they bring become dearer as the years go by.

Appreciation

To those on the faculty of the school who have willingly lent their able assistance in the production of our "Forester" and the successful completion of our activities, we extend our sincere appreciation.

Business Manager — Virginia Whittemore
Assistant Business Manager — George Rasch

JIM PERROTT
Editor-in-Chief

EVERY Friday afternoon, the chairmen of the "Forester" Committees met with the Editor-in-Chief to discuss the problems and progress of their respective committees throughout the week. The chairmen are the equivalents of editors and they have been ably assisted by efficient staffs.

IN order to more efficiently produce our "Forester," a staff of over seventy-two was engaged. Divided into committees according to their respective interests, these students worked faithfully and untiringly to make our yearbook a successful one.

The Write-Up Staff interviewed each student by means of individual questionnaires, thereby procuring accurate reviews of June '40's life at Forest Park.

The Art Staff not only designed the more artistic parts of our book, but also prepared the initial "dummy."

The Photography Staff organized the students for their individual pictures and worked with the official photographers in taking pictures about the school.

The Club Staff interviewed the advisors of all school organizations, and wrote up their aims and ideals.

The Feature Staff prepared all the lighter material of the book.

The Advertising Staff solicited all the firms and arranged the advertising section of the book.

The Circulation Staff handled the distribution of the yearbook.

Class History

History in Handprints

ALONG with the handprints in cement of Hollywood's most famous stars are those of the June Class of 1940. We have left not only two handprints, but fifteen, one for each of the highlights in our years at Forest Park.

Backed by the pressure of four hundred and thirty-three students, the first print was made on November 10, 1938. At this time Mr. Stanley Heylmun (now Uncle Stanley to us) was introduced as our advisor, and the gavel of authority was presented to President Bob Mitchell by the outgoing President of the Class of February, 1940.

The success of the Happy Hills entertainment, presented on December 11, 1938, made a second impression.

On January 12, 1939, the school scrapbook was placed in the custody of our class.

In rapid succession three larger handprints were made, one to commemorate Junior Day and the inauguration of the first Color Day at Forest Park; the second to celebrate the success of the J. J. J. of March 10 and 11, 1939; and the third to boast of the first Junior Prom to be held outside the school. This took place on May 29, 1939.

The distribution of our school rings stamped with an entirely new seal of the tower, on June 23, 1939, was a thrilling reason for still another print and supplied a pleasing satisfaction throughout the summer.

At the opening of the new school term, a "Forester" Staff of over seventy students, headed by Jim Perrott, was appointed. Next to the handprint dedicated to this occasion were placed—one in honor of the Senior Play, Tarkington's "Seventeen," produced in conjunction with the February '40 Class, and one in memory of the Farewell Dance given the outgoing seniors on January 31, 1940.

The first handprint of our senior year was that commemorating our Senior Inaugural Assembly on February 22, 1940.

Nearing the close of a busy year, we presented three outstanding prints—those of the Senior Farewell Assembly on June 11th, Step-Singing on June 13th, and the attainment of our final goal, graduation, on June 20th.

The final handprint was stamped on June 25th, at the Senior Prom and Banquet.

We, the Class of June, 1940, leave these handprints, not as tangible records, but as lasting impressions on the memory of Forest Park.

Class Song

We are Seniors now,
For we have taken our vow.
We have been true to you, Forest Park,
You've always been close to our hearts.
Faithful to the end,
For you have been our best friend.
We've proven our worth,
To serve we now go forth for—
We are Seniors now.

Words—Betty Schulz.

Music—Ruth Scott.

Senior Play

Coached by Miss Ruth A. Hudson, this year's senior play was proclaimed a great success by a capacity audience. Because of the cooperation of the February 1940 and June 1940 Senoir Classes and because of the talent in the play, it was made a success. This presentation marked an epoch in the history of the school, as it was the first time that the Senior and Sub-senior Classes collaborated in presenting a senior play.

"SEVENTEEN," BY BOOTH TARKINGTON

CAST OF CHARACTERS

William Sylvanus Baxter	Homer O. Wilbur

Loyalty Song

To you, Forest Park, we are loyal,

To you, we will always be true,

And our love will survive, for we always will strive

To keep it alive, Forest Park.

Our records may not be the longest,

But our spirit is ever the strongest,

We want our standards higher, for love's undying fire

Calls us and urges us on.

Our flag of green and silver waves on high,

O, may its pride and glory never die,

And may its influence at Forest Park High

Be sterling and clean and alive!

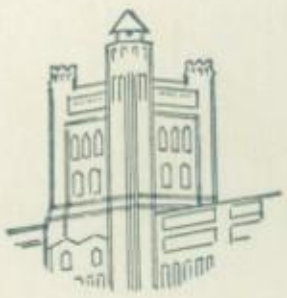
For after all of us have gone from here, and

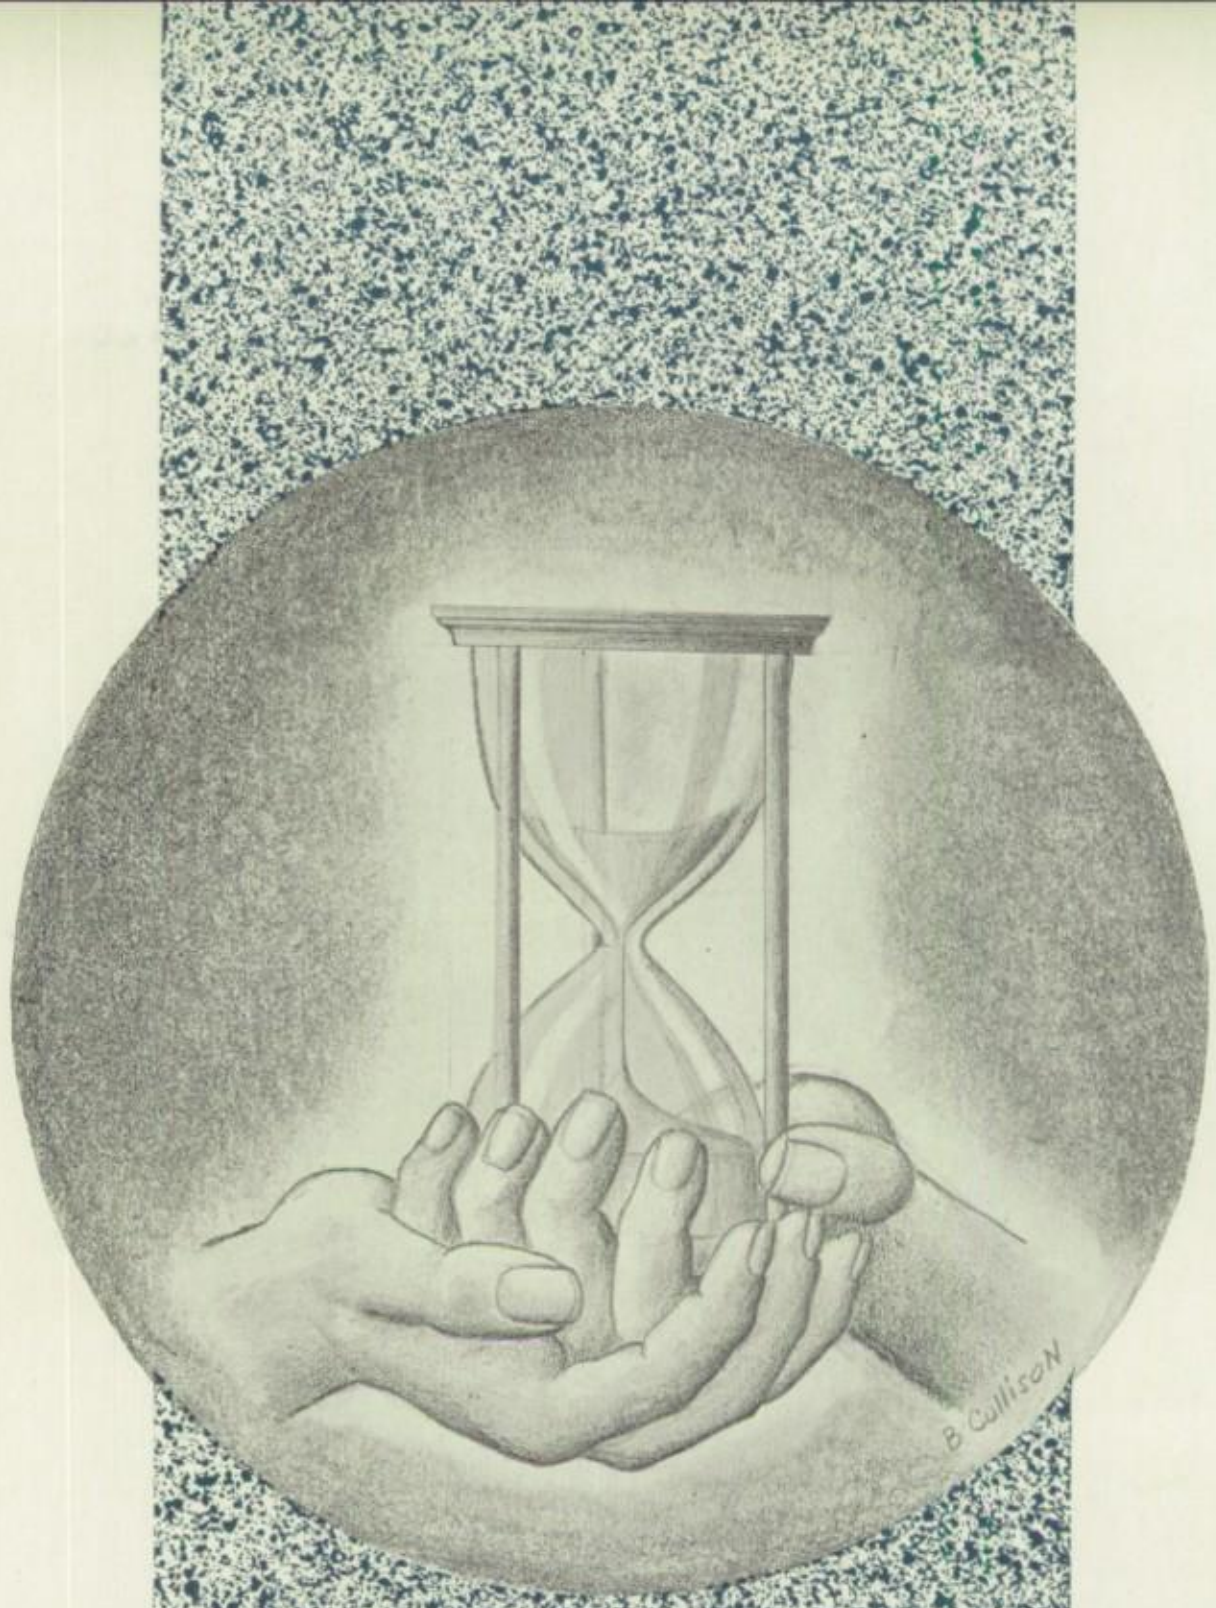
Forest Park expands from year to year,

We'll know the school will still belong to us,

For we belong to Forest Park!

Book 4





Activities

Board of Student Activities

This all-important advisory board assists the principal in making decisions which affect the extra-curricular activities of Forest Park. It is composed of the principal, vice-principal, special assistant, student president, three members of the faculty, and a member of the Athletic Department. It charters all the clubs and so works that there is no overlapping of aims or conflicts of performances in the student activities.

EUGENIA BEACH
Student President

WILBUR PRESTON
Student Vice-President

Student Court

Representing the judicial branch of our student government, the Court tries students for offenses against student government and renders decisions.

Representatives

Striving for the improvement of the school and representing the students at the election of the student vice-president, the Student Representative Board is composed of delegates from each advisory section. It is presided over by the student president.

Senate

Composed of elected delegates from each year, the Senate is the law-making body of the school. It functions in school as the U. S. Senate functions in our federal government, passes on all new school programs, originates its own plans to improve the school, and tries to give all classes equal representation.

Girls' Leaders' Club

Composed of girls outstanding in rendering their services to the school, this organization is another high honor club. Striving in every way toward the betterment of Forest Park, these girls do all in their power to uphold the school's high standards.

Boys' Leaders' Club

The highest honor organization for boys in the school, this club has as its motto, "Brotherhood, Loyalty, Cooperation." Its members aim to help new boys and to encourage the right attitude toward Forest Park.

Boys' Opportunity Club

Members of this service organization subordinate to the Boys' Leaders' Club accept responsibility in every positive manner by using all legitimate means at their disposal to carry out the aims set up by the Leaders' Club.

Four Square Club

The thoughts, acts, and creed of this service organization of girls are all embodied in the verse:

"Four things there are that one must do
If he would make his record true,
To think without confusion clearly,
To act from honest motives purely,
To love his fellowmen sincerely,
To trust in God and Heaven securely."

Ethical Club

Led by their motto, "Not to Conquer but to Aim at High Standards," the Ethical Club urges cooperation, loyalty, and clean sports from and for all. This honorary athletic organization aims, through the encouragement of good character and clean living, to build fine, upstanding citizens.

Boys' Chorus

An indispensable vocal group to the school, this organization is a division of the Glee Club. Its members are enthusiastic singers and help out at commencement exercises, Parent-Teacher Association meetings, broadcasts, and other important school activities.

String Ensemble

Another of the school's many musical units, the String Ensemble, plays chamber music repertory, the acid test of real musicianship. It is composed of enthusiastic boys and girls who are interested in increasing their skill and technique on the stringed instruments.

Genevieve P. Butler

Music at Forest Park is Miss Butler, and Miss Butler is music at Forest Park. Therefore, the tradition of excellent music at our school is the tradition of a wonderful woman. The most fitting tribute we can make to our "one and only" is the perpetuation of our appreciation of music she stimulated in our years at Forest Park.

Drum and Bugle Corps

Along with Forest Park's band, this fairly new organization works to arouse school enthusiasm and support of various activities of the school. It has proven itself to be an indispensable unit at all the school's athletic events,

The Orchestra

Aiming to further an interest in group playing and to develop a knowledge of the sound and a skill in the performance of musical instruments, Miss Butler has led this valuable organization in the presentation of assemblies and in entertainments at Parent-Teachers' meetings.

Department of Sales and Publicity

An organization of unending value to the school, the Department of Sales and Publicity helps advertise the activities of the school to their best advantage. Its members aim to promote the sale of tickets to the various productions in which students participate.

Student Activity Bank

Managed exactly like any commercial bank, the Student Bank takes care of the deposit and withdrawal of money for the clubs and other school organizations. The handling of school money is entirely under its care.

Press

An organization which has produced a publication rated as fine throughout the country, the staff of the *Forest Park Press* aims to provide training and experience for those interested in journalism and to make students and the public at large better acquainted with the activities of the school. It is a four page, five column, tabloid size paper.

Typing Club

With the typewriter as its main tool, the Typing Club aims to give to students a broader knowledge of the use of the typewriter than can be given in a regular class period and to foster a greater interest In typewriting.

Shorthand Club

One of the practical educational organizations of the school, this commercial club aims to study the vocational possibilities of shorthand, to develop speed in taking dictation, to qualify for Gregg Artist Awards and to study the many qualifications for success.

Office Practice Club

Commercial students are given, through their membership in this organization, an opportunity to acquire knowledge in the manipulation of office machines. They are greatly aided in their preparation for the business world.

Chemistry Club

With the purpose of stimulating interest in chemistry, the members of this club study the lives of important chemists and the practical application of chemistry in everyday life. They also learn many important chemical processes.

Science Club

Aiming to stimulate scientific discussions among its members, the Science Club reviews topics dealing with science and performs experiments to illustrate those topics.

Camera Club

Because of a keen interest shown by students in the taking of pictures and the development of them, the Camera Club was formed. Its aim is to stimulate interest in photography and to aid students in becoming good amateur photographers. Its annual project is a school-wide camera contest.

Art Club

Members of this highly cultural club not only enjoy learning from others but also are given opportunities to try out various phases of art for themselves. They learn how to obtain the best results in poster making, etching, and other fields of art. The club aims to bring about a keener appreciation of the various fields of art both by student participation in art projects and by providing speakers from outside the school.

The Masquers

A faithful group of troupers, the Masquers strive to uphold their three aims: to develop interest and ability in dramatics among the students of the school, to promote a love for good drama, and to establish high standards for the selection and presentation of plays at Forest Park. The club members learn to use their leisure time enjoyably and profitably while they are in school and also after they have been graduated.

Scribblers' Club

Students interested in writing are taught new and easy methods at meetings of the Scribblers' Club. This recently organized group aims to keep alive the old art of writing.

French Club

Aiming to cultivate an interest in the romantic language of the French, the French Club provides an opportunity for French students to exercise the knowledge they have acquired in their study of the language. Members become familiar with French newspapers, songs, books, leactues, and games.

German Club

Giving its members a deeper background of the German language and literature, the German Club holds informal meetings at which speakers make addresses in German, and songs and stories are exchanged.

Open Forum Club

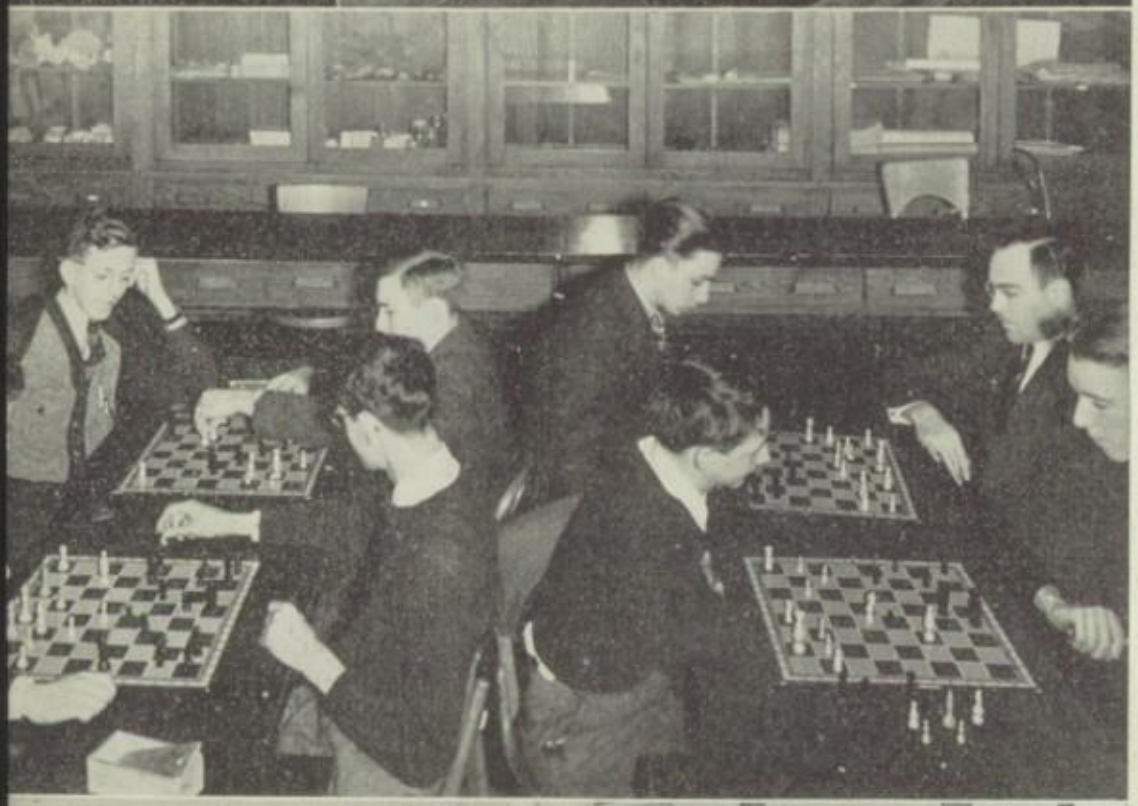
Aiming to discuss and study problems of world significance, to promote intelligent interest in national and international affairs, and to mold intelligent public opinion, members of this modern organization participate in debates, round table discussions, and open forums with each other and with clubs of other schools.

Latin Club

Characterized by their motto, "Amicitia et Scientia," the members of the Latin Club aim to promote a greater friendship among Latin students and to increase their knowledge of the life, customs, and literature of ancient Rome. Their annual activity is a banquet held in the style of the ancient Roman banquet.

Boy Scout Club

Members of the Scout Club aim toward service and leadership in aiding both the scout movement and the school. Character building and citizenship training are the two purposes of the organization.



Chess Club

Having as its purposes to provide recreation to students, to encourage a hobby, and to teach the game of chess, this club strives to stimulate interest in chess. Its members are aided in developing their skill by competing in contests with other clubs of its type.

Philatelic Society

Participating at the meetings of the Philatelic Society and interesting discussions about the origin of their unusual stamps, members aim to encourage the hobby of stamp collecting. This club has been in existence as long as the school.

Coaching Department

Aiming to render assistance to those students who are falling back in their subjects, the Boys' and Girls' Coaching Departments bring together students anxious to help others and students in need of help. Many failures are thus prevented yearly.

Girls' Ping-Pong Club

Deriving its name from the sound of the ball hitting the table, this club brings interested girls together to play in open contests. Its aims are to improve the games of its members and to teach good sportsmanship.

Boys' Ping-Pong Club

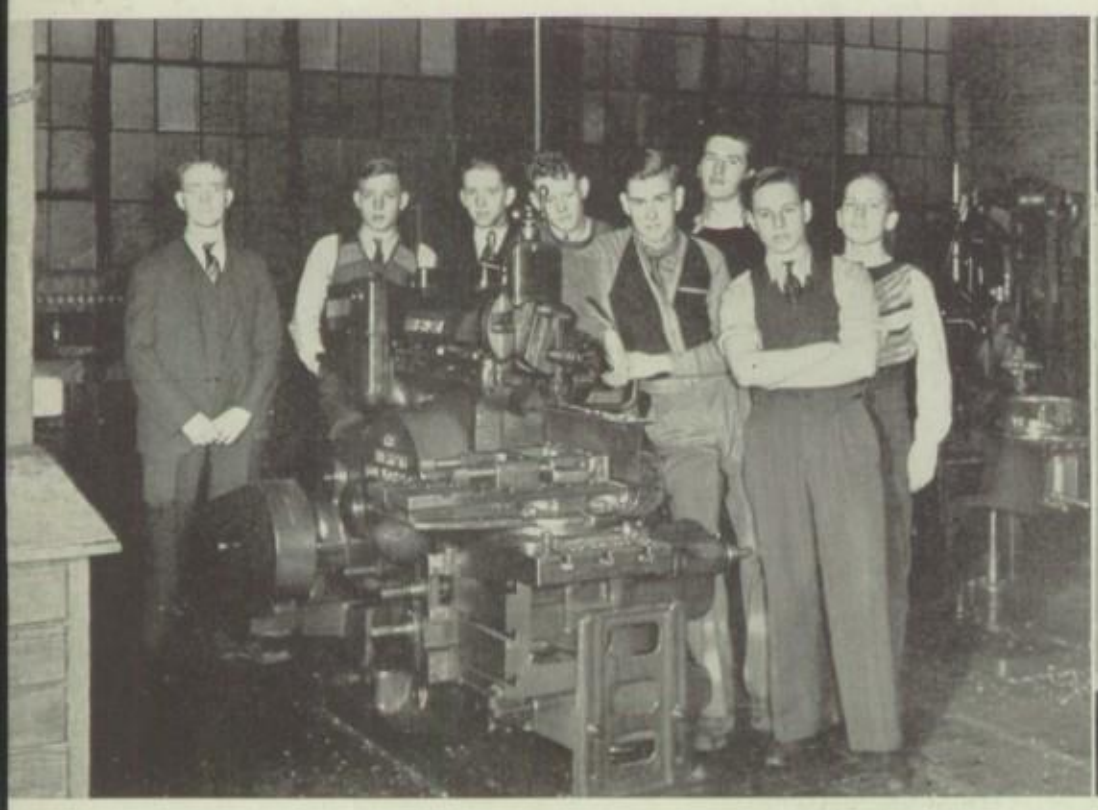
Aiming to stimulate interest in the game of ping-pong, this club gives its members opportunities to meet with enthusiasts of the game and helps develop a spirit of friendship, leadership, and cooperation among them.

Craftsmen's Club

In all of the school's stage productions, this club plays a vital part. Its members construct scenery and build stage sets to be used both indoors and out. Working in the shops building, the craftsmen turn out sets for every senior play.

Model Club

Members of the Model Club have specialized in the construction of model steam engines and various other types of machinery. The purpose of the club is to stimulate the students' interest in developing their manual skill and in working accurately with mind and body.



Library Club

Members of the Library Club are taught the routine of clerical work in a library and are given opportunities to put their knowledge into practice by being permitted to assist the school librarian. The reading of worthwhile books is one of the aims of this valuable organization.

Home Economics Club

Organized in the first year that Forest Park opened, the Home Economics Club strives to bring to its members close cooperation between home and school. It provides opportunities for its members to visit places of commercial and industrial activities that are connected with the club's interests. Very often it has interesting speakers at its meetings.

Culture Explorers' Club

Giving its members opportunities to see government in action and to visit many important cultural institutions of Baltimore, this organization aims to familiarize its members with the many interesting historical and cultural activities of our own monumental city.

Book 5

Athletics

Football

Finishing another gridiron season, the Green and Gray again proved their ability and spirit by romping through an eight game schedule with five wins and three defeats.

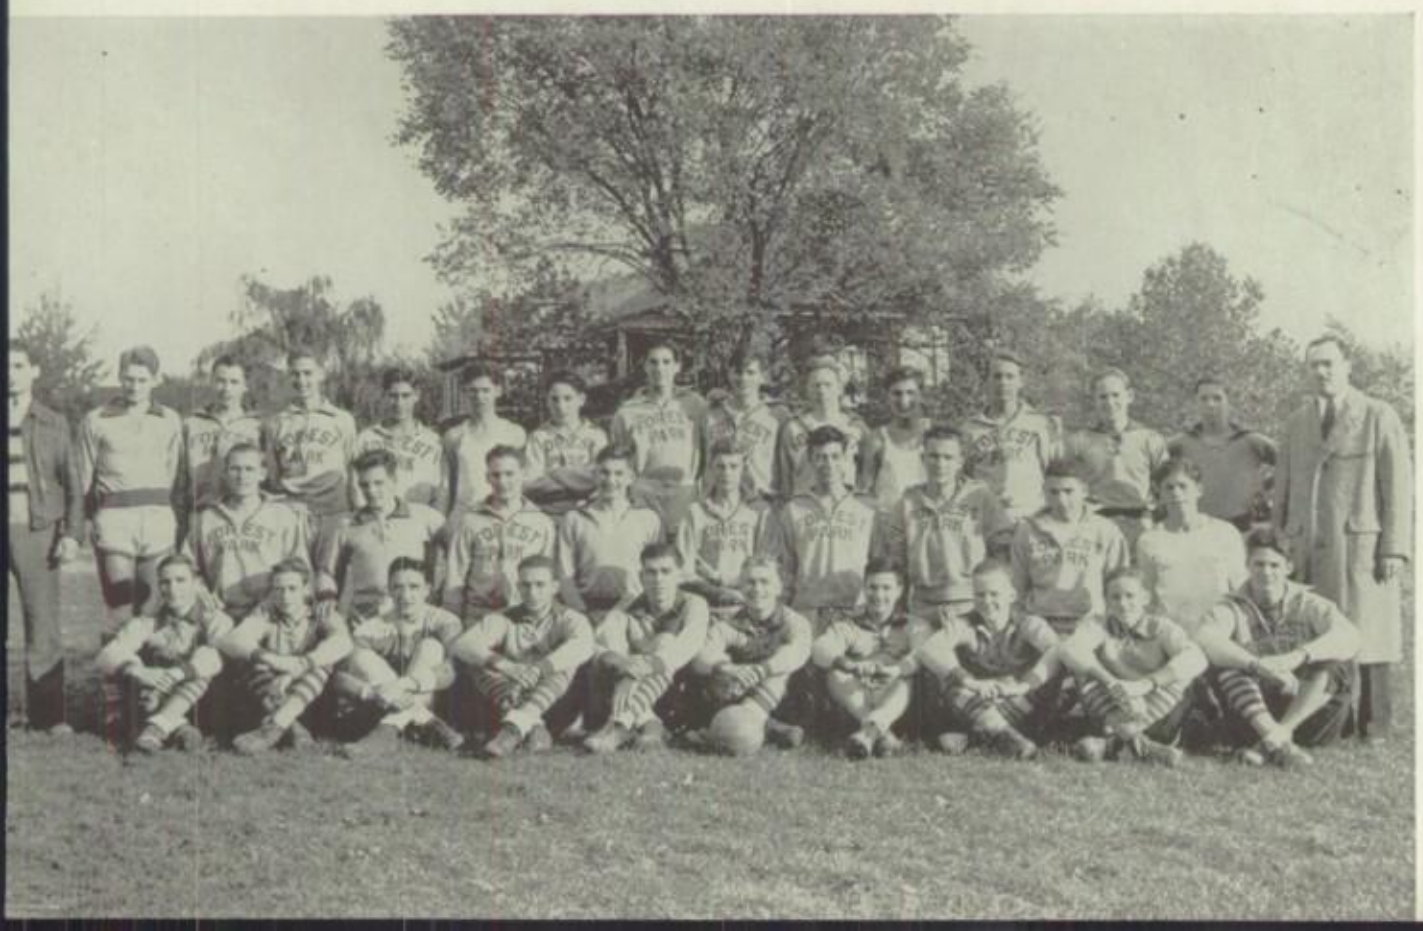
Victories over Vocational and Southern opened the season. Then followed the first loss at the hands of McDonogh by a 7 to 0 score. Not disheartened, however, the squad counterattacked on Severn and at the final whistle the totals were Forest Park 25, Severn 0. A triumph over Calvert Hall followed. A highly spirited Poly eleven was encountered next, and a second defeat was at hand. Later, with full power, the Green and Gray lads gave the powerful City champions the surprise of their campaign by outplaying them in every respect during the entire game, but losing by one touchdown. Patterson Park, the last foe, fell back in defeat bu a score of 25 to 12, to end the campaign.

Boys' Basketball

While not particularly successful, according to league standing, this season was made interesting by the fact that a sparkling brand of basketball was seen at times. Had it not been for injuries at the start of the season, a better record might have appeared. As it was, the Green and Gray remained the underdog throughout the greater part of the campaign. Memorable, however, were the decisive wins over Mt. St. Joseph, Du Pont, Park, and Vocational.

Soccer

The pitchmen started their season off with a bang as they took their first two games. After losing to Poly the Foresters came back fighting to down Calvert Hall. Patterson Park was not to be denied, but the Foresters bounded back the following week and Southern fell. The Green and Gray then became victims of Mt. St. Joe and City as they finished their season with a not half-bad record of four wins, four losses and a tie.



Ice Hockey

Even though they finished in second place, Forest Park was chosen best in the league when selected by the ice hockey coaches to play an all-star outfit composed of top players from the other five teams. The game ended in a tie, proving that Forest Park was equal to the league's best.

Track

Giving evidence of another highly encouraging season, the varsity track squad got under way by downing last year's Inter-scholastic Champions, Mt. St. Joseph. High-jumpers, javelin throwers, pole vaulters, discus throwers and shot putters, particularly strong this year, have been the main factors in keeping the Foresters among the leaders.

Tennis

This season was another successful one for the tennis squad when they made the play-offs for the title. Only one loss, to Poly, blackened the record. A high point of the campaign was the defeat of Loyola for the first time.

Lacrosse

This spring's season is especially notable because the stickmen are again in the A Conference. It was in 1938 that the team entered the B Conference where they earned two championships. Now, back in the strong Conference competition, they are facing tougher foes but are holding their own.

Baseball

Smart playing, good fielding, but only fair pitching marked the season's baseball campaign. A smashing ten to four victory over Poly saw a display of batting power, and a non-decision one to one game with Vocational showed pitching and sharp fielding. While the nine was not brilliant, it provided plenty of good baseball.

Golf Team

Since its beginning, Forest Park has been traditionally strong in golf. Practically all of the teams coached by Mr. Henry Hirsch have been contenders for the State title. This year's outfit was no exception since it finished second only to City College in the Maryland Scholastic Tournament. Dual matches were completed with a fifty-fifty record.

Cheerleaders

Working with the spectators to rally school spirit at all sports activities, the cheerleaders do a great deal toward spurring school teams on to victory.

The Girls' Ice Racing Team

Although it is the newest sport to be organized for girls at Forest Park, the Girls' Ice Racing Team shows signs of becoming one of the most prominent. Under the able coaching of Miss Lucy Journeay, the team won the racing meet in which Eastern, Forest Park, Southern, and Western High Schools took part.

Badminton Club

Organized to develop interest in badminton and to promote good sportsmanship, the members of this club participate in tournaments and in badminton games with each other.

Volleyball

After capturing the city championship for two successive years, the volley ball team went out to uphold the standard set in previous years. Miss Hyde, who acted as coach last year, again coached and, through her efforts and those of the team, Forest Park again won the interscholastic championship.

Girls' Archery Club

Members of this sport club aim to develop good posture and good sportsmanship. They not only stage club tournaments, but compete in tournaments with other schools.

Girls' Tennis

The tennis team, as in previous years, is trying again for the interscholastic championship. The team is ably coached by Miss Lucy Journeay, who has turned out many winning teams in her stay at Forest Park. So far the players have done very well, and if their success should continue, the championship will be in their hands.

Girls' Golf

Miss Lucy Hyde's golf team must play with high standards in mind, as the teams of the past have not lost a game for many years. As usual, the only inter-scholastic competition of the season is a friendly match with Eastern. All the players this year were new material, but carried on in the true Forest Park style.

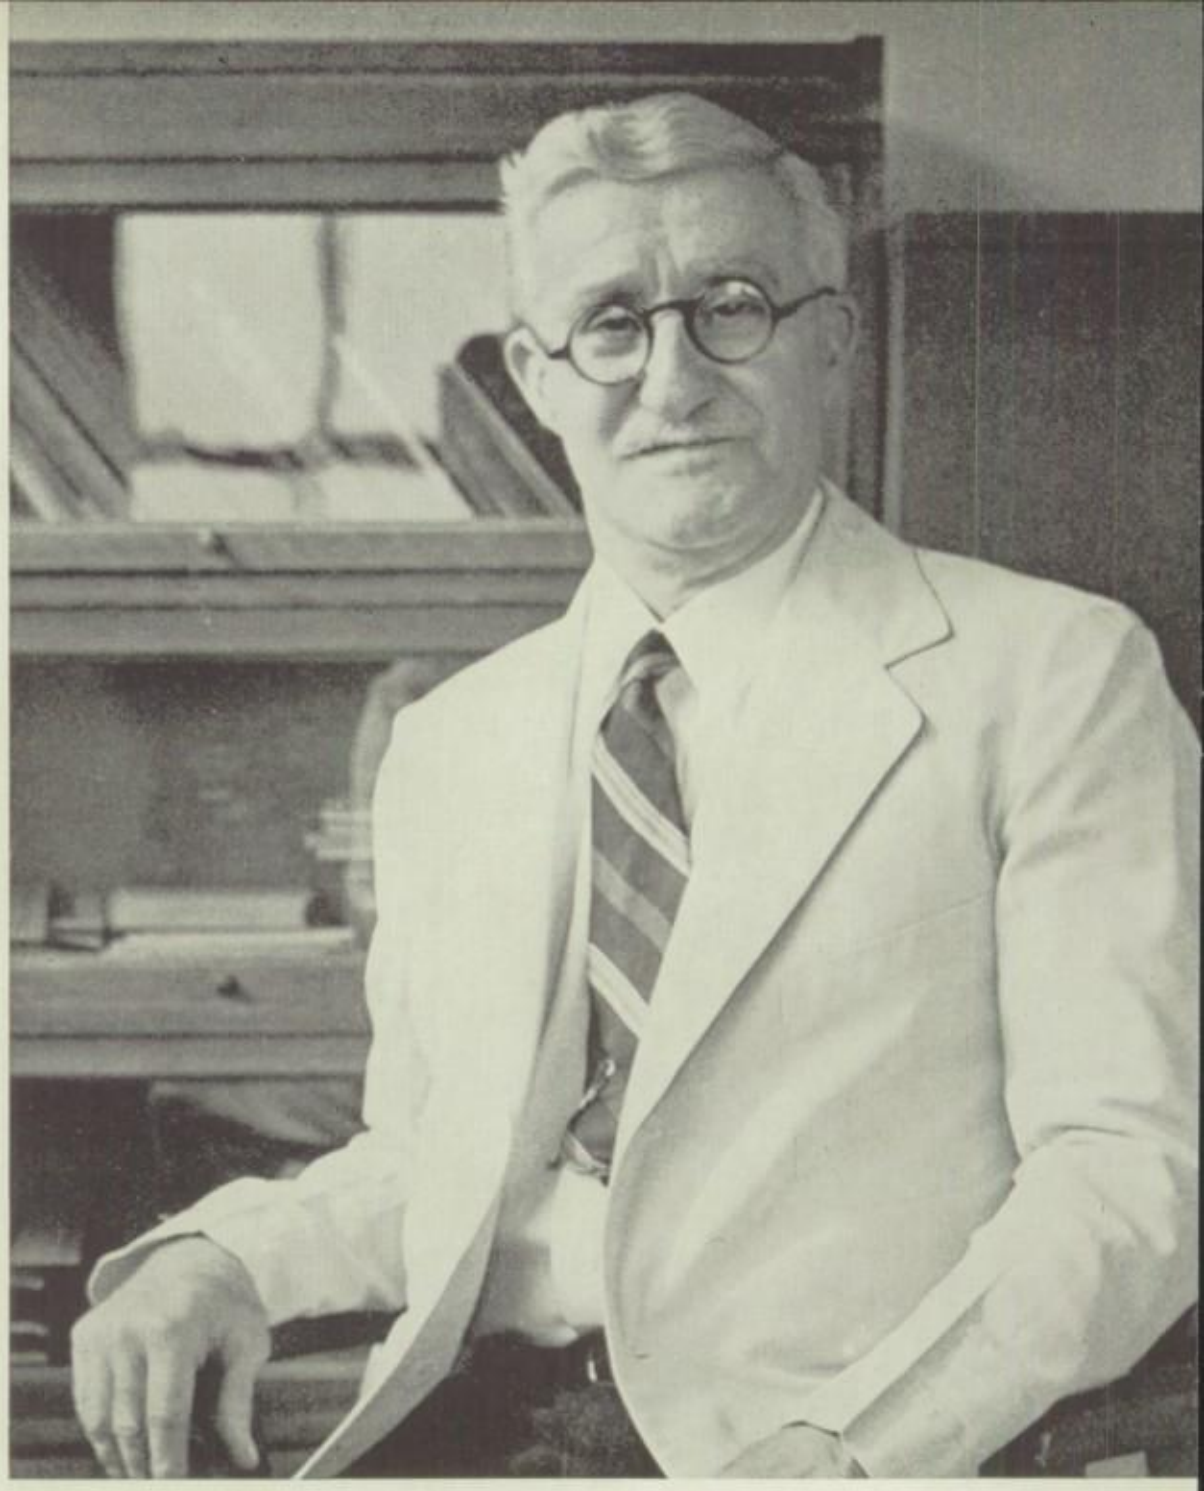
The Band

The band plays an important part in rallying school spirit during the football season and at numerous other school activities. It aims to keep alive an active interest in martial music, to teach its members to march, and to hold their ranks and play their instruments at the same time.

Book 6

Features

Thank you Bill



WILLIAM BOWERS

BILL

THE June 1940 "Forester" could never have been published without the assistance of William Bowers, the custodian of the shop building. "Bill" has stayed overtime without request, has kept our office clean and bright and above all has done much in bolstering our spirits when things went wrong. His philosophy and outlook on life will remain with us long after the lesser teachings of our school life are forgotten. We find no better expression of our appreciation and admiration than a humble "Thank you."

I Wright This Story

I WRIGHT this story about the DEAN of MAJESKE College out in WEST SCHUSTER, Tennessee. I FINK, before I start, I should tell you a LITTLE something about the Dean. He had the WIRTZ reputation of any member of the faculty. He was STERN, BOSSE, had the SOWERS face you've ever seen, and could get MADDEN no time at all. His eyes were STEELE gray, he had BRENT shoulders, and was known to be the SHORTESS man on the campus.

Now the Dean had no friend at all but a WHITE MALDEIS cat, who was always WAGNER tail MOORE and MOYER when her master was near. But the Dean was a GOODMAN, and tried, at any PRICE, to make his students like him. Well, LUTZ get on with the story. One KNIGHTON April, the Dean was going to RESTA while in his MORRIS chair, before preparing his lecture on the RUSSO-German Pact for the MORROW.

He NEELY fell out of his chair, when he heard a loud and furious barking outside his BARON home. He jumped FORWOOD and dashed outside to protect his poor cat and WARNER against Nick, the dog that lived on the CORNER. He was almost deafened by the "WOOLF-WOLF" and "Me—ow" of the cat and dog. "SCHU-NICK," he screamed, running to pick up his cat. But he was too late, for the dog had taken a KNIPP from the Dean's beloved cat. Alas, the frail cat was dead—and the Dean, with a broken HART, had no friend left in this whole wide world. And so for a week, in mourning, he wore BLACK. "Poor man," thought his students. The HASSELL good heart after all." The students thought they should show their sympathy in some manner, so they saved their NICOLS and dimes to buy the Dean a REDDEN green PERROTT to take the place of the deceased pet. This gift, they GAFFEN him, filled the Dean with JOYCE.

"Because I know you WOODALL like to come," said the Dean, "and to show my appreciation for your gift, I am inviting all my newly found friends to the BEACH for a shore-party." Finally, the day on which the party was scheduled to be held rolled around. Guests were starting to arrive on the beach at the appointed time. And many of them were climbing the high sea WALL, which ran along part of the beach. Now these DYKES (like those in HOLLAND) were meant to keep the sea out. But they were no longer needed, inasmuch as the sea never came much higher than a FOOTEN a half from the wall. Suddenly, the guests that were already there, heard loud BANGS, as if a STARR had fallen on a dynamite factory. When the strange sounds were investigated, they found that it was only more guests in their 1912 PLACK-ard, which contained mostly food stored in great SACKS. They had gotten the sacks from the village MILLER. When everyone ran to see what was in the huge bags, the Dean called out, "Please don't be such big SNOOPS." The Dean further explained that the reason the guests were late was that they had had a flat tire and had been obliged to PADGETT. When all the guests had arrived, the Dean, himself, spread the table-cloth up under the trees where DEMOSS was greenest. And what a meal it was! There were cakes that the COOK had just taken out of the IRVIN, fresh baked trout that were caught by a local Englar (fisherman), and many other GOODE things, which a rich COWMAN's son had supplied. To top the meal off, everyone could either have a GLASS of SAUERWEIN, or a STRAWBRIDGE ice cream COHEN, or both. After the meal was over, the refuse was gathered up and put in a trash di-SPENCER and burned. A lone SEGAL flew over the water, and a GOLD moon shone brilliantly. DENSMORE COLE air blew in from the west, and the little gathering on the shore slowly drifted homeward.

Y.M.C.A. BUSINESS COLLEGE
(57th Year—Classes Open to Men and Women)
DAY AND EVENING DIVISIONS
Shorthand, Secretarial, Typewriting, General Clerical, Bookkeeping and Accounting courses, including instruction in the operation of business machines.

☆

Before you decide on the business college you will attend, visit our school and yet us show you our modern, up-to-date facilities. Learn about our individualized instruction methods which allow students to advance as rapidly as their own ability will permit; see our school in actual operation.
Our school continues to maintain its well-known record for placing its qualified students and graduates in good positions. Regular contact with over 2500 of Baltimore's largest employers is made in the interest of our placement service.

☆

Send for a copy of our new 1940 catalogue, giving full details about courses, subjects, tuition, etc.

Acknowledgement

ALTHOUGH the June 1940 Forester is a combination of the talents of many, for which we express deep appreciation, there are those who deserve some special mention.

To the following persons, without whom we could not have produced our book, we offer our grateful appreciation.

To Mr. William G. Horn, and Mr. S. Harold White of The Horn-Shafer Company, who helped us in planning our book; Mr. W. Ramont Hamel who supervised the art work; Mr. Ruskin B. Warren, and "Charlie" for their photographic suggestions; Barbara Lenderking for the cover design; Bob Cullison for the work on the dividers; Marion McDonald for the title page; and Janet Davis for always lending a hand to help out the other fellow.

JIM PERROTT, *Editor-in-Chief*
